

How should the 3-page description of my research be formatted?

Wednesday November 9, 2016, by [Administrateur Chateaubriand](#)

We do not have specific requirements for document formatting. As a general guide, we suggest using Times New Roman, Arial or Calibri fonts, size 11 or larger with 1 inch margins. If you can include citations in the 3 pages, please do so, but you may also add an additional page for citations.
